Current Position: Head of Lorestan CERT and Assistant Professor at Department of Computer Engineering, Lorestan University

I received my bachelor in field of Electrical Electronic Engineering from Iran, and my master in field of Information Security from Universiti Teknologi Malaysia (UTM), Malaysia. Afterward, I received full scholarship to conduct my PhD in the field of Computer Network Security at Malaysia-Japan International Institute of Technology (MJIIT). I started my PhD at Communication Systems and Networks iKohza, which was a research group based on Japanese education system at MJIIT in 2012. During my PhD, I received another grant from Japan Student Services Organization (JASSO) to complete part of his PhD research at Sakurai-lab, Kyushu University, Fukuoka, Japan. Then, I finished my PhD in 2015, where I received Certificate of Excellence and Merit Thesis Award for the quality of my research. Based on the publication and PhD thesis, I received the Best Student Award for year 2016. After finishing my PhD, I returned to my country, Iran, and became a member of Iran National Elites that the highest prestige membership for science talents in Iran. I completed my Postdoc at Iran Telecommunication Research Center, Tehran, Iran as a part of project supported by Iran National Elite Foundation (Bonyad Melli Nokhbegan). My research interest is working on Cyber Security projects that encourages me to study more. I am currently head of APA Research Center of Lorestan University (LU-CERT), Lorestan University, Khorramabad, Iran.
